

International Crafts Study Tour
Japan:
Gifu Prefecture and the Hida Alps
October 19 – 29, 2010

Since 1991 Country Workshops' Drew Langsner has been organizing an annual crafts tour in a country selected for its outstanding craft traditions and Drew's personal contacts. We had our first Japan tour in 2003 and went again in 2004 and 2008. In subsequent years Drew has continued to develop his friendships with his Japanese friends, so it was decided to revisit Japan in 2010.

Located roughly half way between Tokyo and Osaka, Gifu Prefecture is just inland (to the north) of Nagoya, Japan's 4th largest city. Gifu Prefecture is an off the main tracks area that is a treasure trove for traditional crafts. Our tour dates in October come at a time when the weather should be very nice and travel is generally pleasant in this part of Japan.

We suggest that tour members plan to arrive in Japan one or more days before October 19. You can now fly directly into the new (and not so busy) Nagoya International Airport. Tour members who want to visit Tokyo can fly into Narita International Airport, and then take a *Shinkansen* bullet train to Nagoya. Those wanting to visit Kyoto can fly into Kansai International Airport (Osaka) or Nagoya. From the Nagoya airport, take a short train ride to Gifu City, and then walk one block to the modern hotel where we will stay for the first 2 nights.

The tour begins when our group gathers at our accommodation in Gifu City on the afternoon of Tuesday, October 19. Days 2 – 6 will be in the Gifu City area, with visits in Seki, Mino, Tajimi and Mizunami. Days 7-10 are based in Takayama to the north in the Hida Alps. The tour ends back in Gifu City on Friday, October 29. Land transportation during the tour will be by mini-bus with a professional driver. Our tour accommodations will be in both traditional *ryokans* and modern "western" hotels.

As with our other tours, this year's itinerary is truly off the tourist path, taking us inside the homes and workshops of master artisans who you will meet on a personal basis. We have arranged for demonstrations at many of our visits, and it will be possible to buy outstanding craft work directly from our hosts. Although our primary focus is woodworking, we will include visits with artisans working in other materials including pottery, paper and metal. The tour includes cultural and historic sites, and opportunities for exploring and shopping in the towns and cities that we visit. We are also very pleased to include a special performance of traditional puppetry.

The staff for this year's tour has been expanded to include four of Drew's contacts in Japan. Masashi Kutsuwa will be our guide and translator for days 1-6. Masashi is a woodworking instructor at Gifu Academy of Forest Science and Culture. He is also an organizer of the new Japan Green Woodworking Association. Osamu Shoji is our guide

and translator for Days 7-10. Osamu is a founder and head teacher at Shinrin Takumi-juku, one of the best known woodworking schools in Japan. Osamu will also be teaching a Japanese Woodworking class at Country Workshops, scheduled for August 9-14. Erina Horiuchi has contributed to the Hida part of the itinerary. Both Masashi and Erina are graduates of the woodworking program at Shinrin Takumi-juku. Pierre Nadeau (from Canada) will be the technical translator during our visit with *katana* swordsmith Hiromune Takaba. Pierre is currently finishing a formal apprenticeship in blade making with another master smith. Drew Langsner will serve as tour host and director.

The maximum size for our tour group is limited to 12 clients.

If you have questions about the tour you can contact Drew by e-mail or phone (828 656 2280.)

Tour Fees and Financial Details

The tour fee for reservations received by April 30 is \$3,650. After April 30 there may be an adjustment in the tour fee due to variations in exchange rates or other considerations.

The tour package includes: services of our tour staff members, land travel beginning October 20, all lodging beginning October 19 and ending October 29, all meals (excluding special beverages and ordered deserts), all admissions, host honorariums and guide fees.

The tour package does not include overseas air travel. We can assist in locating good airfare prices and reasonable accommodations if you wish to extend your stay in Japan.*

Note: We will be using a mix of accommodations. When staying in traditional ryokans we will be sleeping on futons, placed directly on the tatami mat flooring. Some ryokans have double occupancy rooms, at other times we may be divided into men's and women's groups, with 3 or 4 in a room. We realize that this is not customary for contemporary travelers, but also believe that ryokans offer a very special traditional Japanese cultural experience that cannot be duplicated.

Tour participants will need to limit their luggage to one standard airline carry-on size case plus one handbag, briefcase or day pack. This is necessary due to the unknown luggage capacity of the mini-bus which we will be using. Any additional luggage will need to be checked at the Gifu City hotel during our stays in Mino and Takayama..

To reserve your place on the tour, return the attached Reservation, along with a deposit of \$1,000. The balance is due July 21. If you need to cancel, you must notify us in writing. Refunds will be made under the following schedule:

<u>Number of days before October 19</u>	<u>Cancellation fee</u>
90 days or more	50% of deposit
89-60 days	50% of tour fee (assuming full payment received)
59-30 days	75% of tour fee
29 days or less	no refund

*Note: Airfare, baggage, and tour cancellation insurance can be purchased from your travel agent.
